

Florida Unissued Duck Stamp

Florida's duck stamp program began in 1979 and ended in 2002. A stamp was prepared for the 2003-04 season but was not issued for licensing. All stamps printed (1000) were sold to the artist, who then resold them to collectors. The top tab on the stamp was designed to be removed and affixed to a license receipt as a proof of purchase.

Paul Bridgford

Florida Unissued Turkey Stamp

Florida's turkey stamp program began in 1986 and ended in 2002. A stamp was prepared for the 2003-04 season but was not issued for licensing, however individuals who contacted the Florida Fish and Wildlife Conservation Commission (FWC) Office of Licensing and Permitting were able to purchase the pictorial stamp.

2003-04

Richard Timm

Georgia Collector Duck Stamps

Georgia's duck stamp program began in 1985 and ended in 1999. For the first four years, the stamps were not required for hunting and lack the serial numbers placed on subsequent license stamps. A stamp was printed for 2000 by the state Ducks Unlimited chapter but it was never issued; some copies were distributed to DU members and thus reached the market.
